Order No. 2022-180

Anderson Transport Services LLC

Could I please request an additional 60-day extension for compliance items needed with initial deadline of March 15, 2022? Thank for the initial 60-day extension. We have had difficulty securing a vehicle(s) due to the current market and the vehicle we ordered October 10, 2021, still has not gone to production. I feel that we will not need more than an additional 30 days to meet compliance, but we wanted to make certain this is our final extension request.

Thank you,
